Important deadlines:

Submission deadline	October 12, 2009
Notification	November 10, 2009
Registration	December 1, 2009
Camera ready	December 6, 2009

Tracks:

- Next generation technology (PHR, Domotica, Social networking) (what business models do they require?)
- Business models for new Telemedicine systems and services (what are the critical design issues?)
- Customer value creation (do's and don'ts)
- Business models and associated best-practices (identifying the underlining business models and lessons learned beyond the individual case)
- Implementation and sustainability of health care business models (how they can be used for implementing technology?)
- The international drivers/constraints (regulatory, legal elements, funding mechanism, health care quality systems) of global Telemedicine systems and services (e.g., infectious diseases)
